

Free Song

Maria Taylor

I'm free to do what I want
So free to give it all
I'm free to say what I want
So free to give it all

There's no wrong way to show the love you lack
Even if nobody loves you back

There's no right way to hide the love you lack
What's the point of doing that?

I'm free to do what I want
So free to give it all
I'm free to say what I want
So free to give it all
