

In A Bad Way

Maria Taylor

Look back to another day
In the throes of affection
And it had just begun.

Look back to another day
We didn't know, but it was fun.
And we were 21.

And just like predicted,
It ended badly.
You always had me
Where you wanted me.

Look back to another day
In the throes of affection
And it had just begun.

Look back to another day
We didn't know, but it was fun.
And we were 21.

And just like predicted,
It ended badly.
You always had me
Where you wanted me.

And I knew I paid
But I wanted it
In a bad way.
I know, you are venomous
But I wanted this
In my head.

Look back to another day.
We didn't know, but it was fun.
And we were 21
And we only 21
And we only 21.
