

Alone in Love

Mariah Carey

[Chorus]

Swept me away
But now I'm lost in the dark
Set me on fire
But now I'm left with a spark
Alone you got beyond the haze and
I'm lost inside the maze
I guess I'm all alone in love

I look into your eyes
You turn the other way
And now I realize
It's all a game you play
I hold you in the night
And wake to find you gone
You're running out of sight
It's so hard holding on
All alone in love

[Chorus]

You haunt me in my dreams
I'm calling out your name
I watch you fade away
Your love is not the same
I've figured out your style
To quickly drift apart
You held me for a while
Planned it from the start
All alone in love

Sitting in the dark without you
How am I supposed to make it
Through the night
Slowly fall apart without you
Cry away the hours
Till the morning light

[Chorus]
