

Dreamlover

Mariah Carey

I need a lover to give me
the kind of love that 'll last always.

I need somebody uplifting
to take me away,
babe, oh yeah.

I wanna lover who knows me
who understands how I feel inside.

Someone to comfort and hold me
through the long lonely nights
to the dawn but won't you take me away.

Dreamlover, come rescue me.
Take me up, take me down,
take me anywhere you want to, baby now.

I need you so desperately.
Won't you please come around,
'cause I want to share forever with you, baby.

I don't want it, no, not too tender,
to disillusion me one more time.

Whispering words of forever,
playing with my minds, no, baby.

I need someone to hold on to,
the kind of love that won't fly away.

Just want someone to belong to
every day of my life,
always to come and take me away.

Dreamlover, come rescue me.
Take me up, take me down,
take me anywhere you want to, baby, now.

I need you so desperately.
Won't you please come around,
'cause I want to share forever with you, baby.
Dreamlover, come rescue me.
Take me up, take me down,
take me anywhere you want me, baby, now.

I need you so desperately.
Won't you please come around
'cause I want to share forever with you, baby.
Dreamlover, come rescue me.
Take me up, take me down,
take me anywhere you want me, baby, now.

I need you so desperately.
Won't you please come around,
'cause I want to share forever with you, baby.
