

# Secret Love

Mariah Carey

Ladies and gentlemen, come on, come on, come on  
Ladies and gentlemen  
Mariah, Mariah  
Ladies and gentlemen

Oh baby, oh baby  
Come give it to me now, baby  
But keep it between us  
You and me got a secret love, baby  
Oh baby, oh baby  
Come give it to me now, baby  
But keep it on the hush  
You're not mine, got a secret love, baby

It was a summer's day  
You went walking by  
She didn't notice as you turned  
And you discreetly winked your eye  
And I remembered you  
From back in the day  
You were the boy I couldn't breath without  
The one that got away

Oh baby, oh baby  
Come give it to me now, baby  
But keep it between us  
You and me got a secret love, baby  
Oh baby, oh baby  
Come give it to me now, baby  
But keep it on the hush  
You're not mine, got a secret love, baby

Now that I found you  
How can I let you go  
You know I got my man at home  
But baby, I still need ya so  
And I know you ain't  
Never leaving that girl  
But everytime you touch me, baby  
It feels so incredible

Oh baby, oh baby  
Come give it to me now, baby  
But keep it between us  
You and me got a secret love, baby  
Oh baby, oh baby  
Come give it to me now, baby  
But keep it on the hush  
You're not mine, got a secret love, baby

Secret lovers

You and me, you and me, you and me, baby

Oh baby, oh baby  
Come give it to me now, baby  
But keep it between us

You and me got a secret love, baby  
Oh baby, oh baby  
Come give it to me now, baby  
But keep it on the hush  
You're not mine, got a secret love, baby  
  
Oh baby, oh baby!!!
