

# Supernatural

Mariah Carey

Our love is supernatural  
Hey baby actually  
I'm for sure, they'll forever talk about our love  
Got me lost in the clouds  
Floating like ooh  
Keep me here always  
We're the only thing that's true  
Beautiful, that's the sum  
[?] mind you baby  
Our love is supernatural  
Hey baby actually  
I'm for sure, they'll forever talk about our love

Communicate the doubts, sayings the words aloud  
Heavenly, it's more than a state of mind  
Now that you're in my life  
And ooh  
Beautiful, as your name  
All my tears disappear  
'Cause our love is supernatural  
Hey baby actually  
I'm for sure, they'll forever talk about our love

(You make me go)

Beautiful, as your name  
All my tears disappear  
'Cause our love is supernatural  
Hey baby actually  
I'm for sure, they'll forever talk about our love

Make me go, on and on
