Fix Me

Marianas Trench

All the times I tried to steal my best for you And I threw it up to keep it down And watch it burn I hate the sound I, I know just how you feel 'Cause I don't know how it ever got away

'Cause I still feel all the things I did before When you used to need it more Remember all the ways you fixed me? How will you fix me now? (Yeah) And if your ever feeling you're Bruised and battered, always sore And I wont tell no one Just breathe, breathe

(Who are you now?)

And I'd rip it out if that would make you feel it more And I know you hate to watch me pout And tear it off and scream it out I, I know that even though your breaking You'll get sick and terrified

I still feel all the things I did before When you used to need it more Remember all the ways you fixed me? How will you fix me now (Yeah) And if your ever feeling you're Bruised and battered, always sore And I wont tell no one Just breathe, breathe

You can have it all (You can have it all) You can take it all (You can take it) You can have it I don't mind, I don't mind, I don't mind (I don't mind at al 1) Oh, oh, oh, ohhhh Just take it all [x6] You can take it all! [x5]

And if your ever feeling you're Bruised and battered, always sore And I wont tell no one If you fix you How do we fix you now? All the things you did before When you used to need it more Remember all the ways you fixed us? How do we fix this now?

And if your ever feeling your Bruised and battered, always sore I won't tell no one Just breathe, breathe, breathe!
