

No Place Like Home

Marianas Trench

There's no... yellow
Bricks to follow back, and run from that disaster.
Familiar sins, come crashing in.
And sever forever and after.
My old friend, it's time I leave you here
For once for all in frozen alabaster.
Believe me.
There's no place like home.
There's no place like home.

A shallow grave, where I can keep it safe
For hide away, for just in case I need it.
My old friend, it's time to say goodbye again.
No need to tell me where you've been, I feel it.
Shallow graves for shallow hearts.
For pick-me-ups and fall-aparts.
For promises that never started right.

Carolina, Carolina, tell me how I'm gonna get down from here?
You only ever just disappear, but I can't let you go.
Carolina, Carolina, tell you I'ma getting the ending right.
I know I started it wrong but I...
I think that it's as easy as 1,2,3
Do you see what I do?
Truth or dare, yes I double dare you.
You, you, me now I think you got it right.

(There's no place like home... there's no place like home)

Oh, another day on the assembly line.
Everybody better march in time.
Cause the fact that we don't care why
You've been saying coulda shoulda woulda

Oh, another day on the assembly line.
Everybody better march in time.
Cause the fact that we don't care why.
You've been saying coulda shoulda woulda

Oh, another day on the assembly line.
(Toy soldiers will you follow?)
Everybody better march in time.
(Toy soldiers will you follow?)
Cause the fact that we don't care why.
(Toy soldiers will you follow?)
You've been saying coulda shoulda woulda
(Toy soldiers will you follow?)

(Toy soldiers will you follow?)

Face the music when it's dire!

This is true love, ever after
This is true love, ever after

True love, ever after
This is true love, ever after

This is true love, ever after

Once upon a time

This place was beautiful and mine

But now it's just a bottom line

There's no yellow bricks and happily, ever after we lived

The end.
