

## So Soon

Marianas Trench

You say sometimes it's like I hardly know you  
And maybe there's some things I never showed you  
Sometimes you're certain but you just can't get it working at all

You say to yourself, somebody better  
Will understand you more than I ever  
I'll shake his hand and smile and say I understand  
And while I do  
That don't mean I don't think about you

I know we said it's just as well  
That I won't keep you for myself  
But I don't want to see you happier with somebody else

Why can't you just be lonely  
Why can't you just be lonely  
Why can't you just be lonely  
I know you need someone too  
This just feels so soon

I know some things should just stay broken  
I'm well aware this should remain unspoken  
But I've been working on the things that I was learning all wrong

I know sometimes I only twist you  
And maybe I'm too proud to say I missed you  
But what if here and now I tell you that I'm all figured out  
Or maybe I just like how that sounds

I know we said it's just as well  
That I won't keep you for myself  
But I don't want to see you happier with somebody else

Can't you just be lonely  
Why can't you just be lonely  
Why can't you just be lonely  
I know you need someone too  
This just feels so

I know it seems beneath me  
But sometimes it's not so easy  
To wish you well and let you go

And I said it's just as well  
That I just can't keep you for myself  
I don't want to see you happier with somebody else

Lo-lo, lo-lo, lo-lonely

Why can't you just be lonely  
Why can't you just be lonely

This just feels so  
This just feels so  
Feels so soon

Why cant you be

Why cant you be

This just feels so

This just feels so

This just feels so soon
