Charming, someone to fear Handsome, very much here Evil, dancing through fire Whore of Babylon, world famous clear

Something to charm

Danger, someone to harm

Falling into the mire

Climbing, higher and higher

Someone to fear
Handsome, very much here
Evil, dancing through fire
Whore of Babylon, world famous clear

Ivory tower
Longing for something now
Waiting, hour after hour
Give me some of your power

Citadel, a prison of sorts
Only the rich make the laws
Using repression and force
Whore of Babylon, City of Quartz

Someone to fear Hidden and very much here Hatred summoned so near Whore of Babylon, world famous clear
