Easy In The City

Marianne Faithfull

Easy in the city, Easy in the mind. Easy in the city, Easy in the mind. Light is slanting sideways Sun is getting through. Gonna take a taxi Gotta get to you! Easy in the city, Easy in the rooms. Isn't it a pity Time goes by so soon ... Time goes by so soon. If I can find the secret in the green I'll let you know. And if you seek a treasure made of silver You can go ... go Easy in the city, Easy in the rooms. Isn't it a pity Time goes by so soon ... Time goes by so soon. If I can find the secret in the green I'll let you know. And if you seek a treasure made of silver You can go ... go. Easy in the city, Easy in the mind. Easy in the city, Easy in the mind.
