

Intrigue

Marianne Faithfull

Intrigue surrounding me
Intrigue surrounding you
I was only looking for a bit of harmony and grace,
I swear I only meant it in good faith.

In league enfolding you
Fatigue I feel it, too.
I guess I never thought I had a thing or two to lose,
I never thought I'd end up as good news.

Believe in what you hear.
Concede to what you fear.
And if you think that I have so much love to go to waste,
Cut out the running home, make the pace.

Intrigue surrounding me you
Intrigue surrounding you me
I was only looking for a bit of harmony and grace,
I swear I only meant it in good faith.

And if you think that I have so much love to go to waste,
Cut out the running home, make the pace.
