

Kimble

Marianne Faithfull

Kimble wants a nine dollar show
Kimble wants a nine dollar show
She wants a nine dollar show
And I need
Well baby where you been so long

Baby where you been so long
I've been in that state pen
With them rough and rowdy,
rough and rowdy, rough and rowdy men
Well baby where you been so long

Baby where you been so long
I've been in your state pen
And I gotta go back again
Well baby where you been so long

Kimble let your hair hang down
Kimble let your hair, let it hang down
Let your hair hang down
And your bangs all curl around
Kimble let your hair hang down

Kimble let your hair, let it hang down
Let your hair hang down
And come the morning
You know I'll be gone
Well baby let your hair hang down

Well I wished I was a mole in the ground
I wished I were a mole in the ground
I was a mole in the ground
And that I'd tear, I'd tear this mountain down
Wished I was a mole in the ground
