

Come To Life

Marié Digby

There's a river flowing through me, it knows me
Its currents, they control my emotions
There's just one stream that evades me, escapes me
It overflows when my heart's left open

Your feelings, are the one thing
Outta my control, it's not in my hands
Not knowing is killing me
Where's the way inside your soul?
We gotta let it grow

Like a flower under rain
Like a child's first day
Like a story's first page
Watch our love come to life
Love is not a thing to rush
It's a feeling you should trust
It'll be that way with us
Watch our love come to life
Come to life, come to life
Watch our love come to life
Come to life, come to life
Watch our love come to life

There's no point in our predictions or wishing
The paths we're on are somehow connected
Cause you can't see around the corner
You wanna 'cause you're so afraid life'll leave you rejected
When you least expect it

Your feelings, are the one thing
Outta my control, it's not in my hands
Not knowing is killing me
Where's the way inside your soul?
We gotta let it grow

Like a flower under rain
Like a child's first day
Like a story's first page
Watch our love come to life
Love is not a thing to rush
It's a feeling you should trust
It'll be that way with us
Watch our love come to life
Come to life, come to life
Watch our love come to life
Come to life, come to life
Watch our love come to life

Hands touch, eyes meet, electricity
No words, hearts speak what is happening
You want so bad to fall
You want to risk it all
But right now, it's not your call

Like a flower under rain
Like a child's first day

Like a story's first page
Watch our love come to life
Love is not a thing to rush
It's a feeling you should trust
It'll be that way with us
Watch our love come to life
Come to life, come to life
Watch our love come to life
Come to life, come to life
Watch our love come to life
Come to life, come to life
Watch our love come to life
Come to life, come to life
Watch our love come to life
Come to life, come to life
Watch our love come to life
