

Diamond Eyes

Marié Digby

I would lie to the world for just a moment with you
Why should we care what they say, forget the shit that they do

I'll wait for your call, I know exactly what to do
Just ask the driver for the key to your room
You open the door, I put my hands on you
Cause words are no match for what your body will do

When I, look in your diamond eyes, your diamond eyes
I love, for your diamond eyes, your diamond eyes
The door stand beats between me and you
You touch my skin and I love this through
Oho, ooo, in your diamond eyes, your diamond eyes

I can tell that you want a nice girl like me
I've been desperate for someone to set me free,
Oh, just wait for my call, you know exactly what you do
Make sure no one sees on the way to my room

I open the door, you put your hands on me
Show me the lover, am I allowed to be

When I, look in your diamond eyes, your diamond eyes
I love, for your diamond eyes, your diamond eyes
The door stand beats between me and you
You touch my skin and I love this through
Oho, ooo, in your diamond eyes, your diamond eyes

In a world of lies, you are the truth
If I'm going down, I'll go down with you
I'll go down with you

When I, look in your diamond eyes, your diamond eyes
I love, for your diamond eyes, your diamond eyes
The door stand beats between me and you
You touch my skin and I love this through
Oho, ooo, in your diamond eyes, your diamond eyes.
