

April Snow

Marie Fredriksson

You said, it's six weeks since she left you
And you looked at me with tears in your eyes
"But I think of her with all my respect", you said
"I'm always gonna love her, I never will forget her
She's always gonna be a part of me"

When April snow is falling
And you wish you were somewhere else
When you wake up in the darkest part of the night
When April snow is falling down

After two bottles of wine and really late in the night
You said, "I'd better be going home
I don't care where I sleep tonight
I'm always gonna love her, I never will forget her
She's always gonna be a part of me"

When April snow is falling
And your heart is no longer what it was
When you're blinded by tears
And you cannot see the sun

When April snow is falling down
When April snow is falling down
When the morning sun keeps you blind
Keeps you blind
When April snow is falling down
April snow is falling down, down, down
When April snow is falling down
