Love 2 Live

Marie Fredriksson

I love 2 give Give 2 love Love 2 live...

As long as I can remember People's been telling me All the things I should be doing And just who it is that I am gonna be

You gotta - Get edicated You gotta - Work from 9 to 5 every day You gotta - Save up all of your money And when I try to exlpain They never hear what I say

Now let me tell you that - I love 2 give...

It's not the house you live in - You know it's! Not the kind of car you drive - You know it's! Not the brands you're wearing It's the love that you give that keeps you alive

Now let me tell you that - I love 2 give...
