

A State of Mind

Marillion

He looked down from the airplane
A crack in the clouds opened up he saw a garden of Eden
An island in the sea
Staring at the birth of creation
The earth and the people living, growing, naturally

A state of mind
A state of mind
A state of mind
A state of mind

He came down from the blue sky
Into the noise of a million lives
A garden of Eden
Was it all a dream?
We came a long, long, way with each other
We're going nowhere till we see we're only
Sisters and brothers

A state of mind
A state of mind
A state of mind
A state of mind

A state of mind is a contagious thing
Spread it around you never know what the future brings
Ready to sow?
You ready to grow?
Reap what you sow
You ready to know?

A state of mind is a contagious thing
Spread it around you never know what the future brings

A state of mind
A state of mind
A state of mind
A state of mind
A state of mind
