Separated Out

Can you feel my skin? Can you feel my bones? Can you put my spine In plaster and take me home?

So unpleasant inside and out So unpleasant inside and out If you like I'll tell you about it You wouldn't want to know

My heads full of water Tears I never cried Could you hold me under the shower In the cold outside?

So unsteady inside and out So unsteady inside and out If you like I'll tell you about it You wouldn't want to be

Separated out Separated out Separated out

I need medical attention Where's my memory gone? Everything I told you including this I already forgot

Separated out From the living stream The thing that couldn't lie straight Straight in the machine

So unstable inside and out Don't know how much longer I'll take it If you like I'll sell you a ticket Or you can get in for free

Am I enough of a freak To be worth paying to see? Am I enough of a freak To be worth paying to see?

Can you feel my skin? Can you feel my bones? Can you put my spine In plaster and take me home?

Can you kiss my face? Let me know it's there Can you give it shape? Can you kinda care?

Am I enough of a freak To be worth paying to see? Enough of a freak

Marillion

To be worth paying to see

Enough Enough
