

# Somewhere Else

Marillion

This rock-star trip... some serious ship  
White-knuckle journey blackened my eye and cut my lip  
Better to be a doctor or a man who walks the earth  
Hedonistic laughing boys... what's any of it worth?..

Look at myself Look at myself Look at myself  
Look at myself Look at myself  
Look at myself Look at myself

Escaped to the car... drove to a bar somewhere  
The beautiful game... such a thin line between love and hate

Look at myself Look at myself Look at myself  
Look at myself Look at myself  
Look at myself Look at myself

Mr Taurus ate a thesaurus  
Made the girls cry and skipped straight to the chorus  
Mr Taurus had a great fall  
All the King's horses were no good at all

Woke up in a spaceship... of shimmering gold  
Tutenkhamen sleeping... should'a left him alone  
Floating round in Orion... arrow pointing to heaven  
Between all the planets... out in the cold

Everyone I love Everyone I love Everyone I love  
Everyone I love Everyone I love  
Everyone I love lives somewhere else Lives somewhere else

And I have time to look at myself  
To look at myself To look at myself To look at myself  
To look at myself To look at myself  
To look at myself To look at myself To look at myself

And I've seen enough... I've seen enough  
Everyone I love lives somewhere else  
Everyone I love... lives somewhere else...  
Somewhere else... somewhere else...  
Somewhere else...
