

## Dancing with the One-Legged...

Marilyn Manson

You're gonna have a bunch of angry kids  
Well, when you do go out to a club  
Wait, wait, wait  
That, you just gotta watch yourself whatever you do  
Yeah, sure  
You just can't expect to go out there and just dance and don't  
get  
Touched and non violent because that's what it is  
I, I don't see how  
If you get the music inside your soul anything can happen.  
You don't play the music, you can't get it  
It's the music  
The music?  
Music is dangerous
