

# Lay Down Your Goddamn Arms

Marilyn Manson

I'm not of this world  
You're not in this heart  
This isn't in me

To open this box  
You can't shoot the lock  
I hide everything  
So you can't see

Wanna fight?  
Wanna fuck?  
Wanna die?  
Try your luck...  
Lay down your goddamn arms  
Wanna fight?  
Wanna fuck?  
Wanna die?  
Try your luck...  
Lay down your goddamn arms

There isn't a key,  
You can use on me  
There isn't a key,  
So lay down your arms  
Arms  
Arms

You're a book  
Every page is written  
In words  
I cannot read  
So I burn  
Gotta burn  
Gotta burn  
Gotta burn it  
So I burn  
Gotta burn  
Gotta burn  
Gotta burn it

Wanna fight?  
Wanna fuck?  
Wanna die?  
Try your luck...  
Lay down your goddamn arms  
Wanna fight?  
Wanna fuck?  
Wanna die?  
Try your luck...  
Lay down your goddamn arms

There isn't a key,  
You can use on me  
There isn't a key,  
So lay down your arms  
There isn't a key,  
You can use on me

There isn't a key,  
So lay down your arms  
Arms  
Arms  
So I burn  
Gotta burn  
Gotta burn  
Gotta burn it
