

Pistol Whipped

Marilyn Manson

You look so pretty
When you cry.
Don't wanna hit you
But the only thing,
Between our love is
(1) A bloody nose
(2) A busted lip
And
(3) A blackened eye

You look so pretty
When you cry.
Don't wanna hit you
But the only thing,
Between our love is
(1) A bloody nose
(2) A busted lip
And
(3) A blackened eye

You're a little pistol
And I'm fucking pistol whipped
You're a little pistol
And I'm fucking pistol whipped

(Cock, cock, cock it)

When I undo my belt,
You melt and you walk away
With a red, red, red welt
(Or so they say)

When I undo my belt,
You melt and you walk away
With a red, red, red welt
(Or so they say)

You're a little pistol
And I'm fucking pistol whipped
You're a little pistol
And I'm fucking pistol whipped

I wanna have your ache
And beat you too
I wanna have your ache
And beat you too
I wanna have your ache
And beat you too
I wanna have your ache
And beat you too

You're a little pistol
And I'm fucking pistol whipped
You're a little pistol
And I'm fucking pistol whipped
