

# Unkillable Monster

Marilyn Manson

How the fuck are we supposed to know  
When I'm a monster, with the way  
You refuse to die  
How the fuck are we supposed to know  
If we're in love  
Or if we're in pain

I'm a tightrope walker  
I can't find my circus  
And I'm damaged beyond repair  
You're just a coffin  
Of a girl I knew  
And I'm buried in you

You never said "I'll end up like this" [2x]  
No. No, no, no

Sometimes I dream I'm an exterminating angel  
A traveling executioner from heaven  
Sometimes I dream I'm an exterminating angel  
A traveling executioner from heaven  
Sent to give you the prettiest death I know  
Call the grave and make our reservations

You never said "I'll end up like this" [2x]  
No!  
You never said "I'll end up like this" [2x]  
No, no, no, no

Are we in love or are we in pain?  
[repeat]

How the fuck are we supposed to know  
When I'm a monster, with the way  
You refuse to die  
How the fuck are we supposed to know  
If we're in love  
Or if we're in pain

Why is my wound a front door to you?  
Am I my own shadow?
