Froot

I've seen seasons come and go From winter sun to summer snow This ain't my first time at the rodeo

Nature ain't a fruit machine She's gotta keep her credits clean Good things come to those who wait But I ain't in a patient phase

It's summer time and I hang on the vine They're gonna make me into sweet red wine Hanging around like a fruit on a tree Waiting to be picked, come on cut me free

Come on fill your cup up Looking for some good luck Good luck, good luck to you Hanging like a fruit Ready to be juiced Juiced, juiced

Living la dolce vita Life couldn't get much sweeter Don't you give me a reason That it's not the right season Babe, I love you a lot I'll give you all I've got Yeah, you know that it's true I've been saving all my summers for you I've been saving all my summers for you Like froot, like froot

Baby, I am plump and ripe I'm pinker than shepherd's delight Sweet like honeysuckle late at night

Leave it too long I'll go rot Like an apple you forgot Birds and worms will come for me The cycle of life is complete

I'm your carnal flower, I'm your bloody rose Pick my petals off and make my heart explode I'm your deadly nightshade, I'm your cherry tree You're my one true love, I'm your destiny

Come on fill your cup up Looking for some good luck Good luck, good luck to you Autumn, I'll be gone Birds will sing their mourning song, Song

Living la dolce vita Life couldn't get much sweeter Don't you give me a reason That it's not the right season Babe, I love you a lot I'll give you all I've got Yeah, you know that it's true I've been saving all my summers for you I've been saving all my summers for you Like froot, like froot

Oh my body is ready Yeah it's ready, yeah it's ready for your love Oh my branches are heavy Yeah they're heavy, yeah they're heavy

Living la dolce vita Life couldn't get much sweeter Don't you give me a reason That it's not the right season Babe, I love you a lot I'll give you all I've got Yeah you know that it's true I've been saving all my summers for you I've been saving all my summers for you Like froot, like froot
