

Whoo

Im a boss so I hit her with the little head game
I can tell she like to taste sweet things
First thing I met her for sense a switch go
Damn I been gone too long
She know what the business was
I told her to get at it
Took the lead promo static
Puerto Rican mix sweet tone
Only promise she was with this cat standing 6'4"
She said I ride my own (check)
Go away (check)
Don't worry bout it your just another pay (check)
She said I aint gotta ask anything I want (yet)
I said what that's called when you move it like (that)
She kept reiterating she had a thing for (sex)
A man and another man she tried (yet)
So I pulled back put it up another drink
She like tell me what you think
Gotta just take another puff

She wanna smoke cohiba
You gotta work for that
Gotta work for that
Can I smoke your cohiba
You gotta work for that
Gotta work for that
She wanna smoke my cohiba
You gotta work for that
Gotta work for that
Can I smoke your cohiba
You gotta work for that
Gotta work for that

She told me not to think how could I hesitate
Who would love the chance
Just to give it to me
I knew it the things I would do to her
But I keep thinking me him and her
But the obvious told me believe her
Heard that she giving me the fever
Slow up ma and kick back
While I think about what im gon do with that
She said I ride my own (check)
Go away (check)
Don't worry about it
Your just another pay (check)
She said I aint gotta ask anything I want (yet)
