

# Everytime I

Mario Vazquez

Ohhh yeah

Oh, oh

I was

I was always quick to trip in turn and say I'm sorry

Guess I

Guess I always thought that nigga made everything ok

I did

Did my share of dirt I know you probably heard about me

When you

When you asked how I would just lie to your face

And I

I didn't appreciate

Even when you walked away

I didn't realize

That you were the one thing

I should've kept 'part of me

And baby I just can't deal without you

Your all I need

I know I didn't say much

But girl your the only one

I'm trippin' without you

I think about it everytime I

I, I, I, I, I, I

Everytime I

I, I, I, I, I, I

Told you

Told you you were insecure when you'd be asking questions

I had

Had you second guessing yourself and what you mean to me

If I

If I could take it back I would (I would)

If I could take it all back I would (I would)

Instead of playing games

It's time I play for keeps

And I

I didn't appreciate

Even when you walked away

I didn't realize

That you were the one thing

I should've kept 'part of me

And baby I just can't deal without you

Your all I need

I know I didn't say much

But girl your the only one

I'm trippin' without you

I think about it everytime I

You are the one thing

I should've kept 'part of me

And baby I just can't deal without you

Your all I need

I know I didn't say much

But girl your the only one  
I'm trippin' without you  
I think about it everytime I

Think about how you use to do  
When I'm nights alone when I'm rockin' with you  
I can't help but kick myself in the ass  
Cuz I'm sittin' here about to blow it ('bout to blow it)  
I know I can't take no more  
Time to change it up for sure  
Cuz I'm not tryna let you go

You are the one thing  
I should've kept 'part of me  
And baby I just can't deal without you  
Your all I need  
I know I didn't say much  
But girl your the only one  
I'm trippin' without you  
I think about it everytime I  
You are the one thing  
I should've kept 'part of me  
And baby I just can't deal without you  
Your all I need  
I know I didn't say much  
But girl your the only one  
I'm trippin' without you  
I think about it everytime I  
I, I, I, I, I, I  
Everytime I  
I, I, I, I, I, I  
Everytime I  
I, I, I, I, I, I  
Everytime I  
I, I, I, I, I, I  
Everytime I  
Oh, ooh everytime I  
Everytime I
