

## Disbelief

Mario Winans

First time we met, didn't think you wanted me.  
Now, when i'm around you hardly ever speak.  
But I really shouldn't judge by the way you treated me  
Cuz you were waitin' for the perfect time to set me free  
I see, but i dont believe

Seems unreal to me almost like a dream  
Now your lovin' me got me in disbelief  
After all this time you made up your mind  
Now your wonderin' why you got me in disbelief

Kept it all inside had it tucked away for that day  
Didn't realize why you couldn't ever say  
That you really really really love me  
And im your man now your tellin' me that we are meant to be  
Now I don't understand

Should've left it alone after waitin so long  
What are you doin to me baby?  
I don't wanna receive what your tellin' to me  
Not after how i have waited
