

Every Now and Then

Mario Winans

Every now and then I think about you, babe
You are the only one who ever took out time
Even though I know you had your doubts, baby
You would always let me know what's on your mind

So, I find myself rememberin' your smile
Girl, you know that you drive me wild
Said I'm waitin' here for your kiss
The way you loved me, that's what I miss

Every now and then I think of how you made me feel
Every now and then I think of how we were so real
I never wanted our love to ever have to end
So, I think about you every now and then

Every now and then I reminisce on times
You stayed with me till the sun would rise
I can never forget what we we had together
And how they say a true love never dies

So, I find myself rememberin' your smile
Girl, you know that you drive me wild
Said I'm waitin' here for your kiss
The way you loved me, that's what I miss

Every now and then I think of how you made me feel
Every now and then I think of how we were so real
I never wanted our love to ever have to end
So, I think about you every now and then

Every now and then I think of how you made me feel
Every now and then I think of how we were so real
I never wanted our love to ever have to end
So, I think about you every now and then

When I hear a certain song, I'm thinkin' of you
Baby, when there's nothin' goin' on, I'm thinkin' of you
Baby, when the sun is goin' down, I'm thinkin' of you
Girl, when there's no one around, I'm thinkin' of you

Every now and then I think of how you made me feel
Every now and then I think of how we were so real
I never wanted our love to ever have to end
So, I think about you every now and then
