

Turn Around

Mario Winans

Everything you said to me
Tell me was I buggin, dreaming
Cause it's not that real to me?
There has been no sleeping
I've been thinkin

Of how I beg to love me
Want to leave me
Hurts me deeply inside
How I long to touch you
Need to hold you
Stay with me one more night

Turn around, Take just one more look
See if you're really sure
That you can walk away, From my love
I'm beggin you to stay
Down on my knees to pray
That you would turn around and be my baby

All the moments that we shared
You could never put a price on us
I tried to trust in you
After all of this how dare
You say that you are leaving
Have you been thinkin

Of how I beg to love me
You want leave me
Hurts me deeply inside
How I long to touch you
Need to hold you
Stay with me one more night

[Repeat chorus]

Just wanna give in, you're leaving
Don't walk away from my love
Can't go a day without your love
You're all I'm dreaming of
Would you try again, believe in
This is where love begins
Don't wanna hear you say
That you wanna walk away

[Repeat chorus 3x]
