

# How Could You

Mario

It's kinda crazy baby,  
How I remember things, (like where you came from and how you had nothin)  
I went and made you fly,  
Put extras on your ride, (didn't miss a birthday now u cant even remember mine)

U made it clear to me (you wasn't down for me),  
(Love made me blind, baby) but now I see,  
(you had things up your sleeve, dont even lie to me) I even heard it from your family,

R: How could you let somebody lay where I layed?  
How could you give him everything that we made?  
How could you call him all the names that you used to call me?  
How could You How Could You just forget about me?  
How Could You teach him all the things I taught You?  
How Could You put him up to the Ghetto Kama Sutra?  
How Could You put me in the back and give him the front seat?  
How Could You How Could You just forget about me?

You must be out ya mind,  
You got alot of nerve (to think that im gone chill after all the shit I heard),  
I damn near carried you,  
I could've married you,  
Good thing I found out before I bought that 7 karat for ya,  
(I kno ur sick about) the way I found you out,  
(GO head and pack it out) I hope he's got room in his house,  
You should have thought of me b4 you hopped in the sheets,  
Damn I cant believe that u did this to me

R:

Girl I tried to give u everything,  
Can't believe the ways u repaid me,  
Girl u had it all,  
But I guess my all wasn't good enough for you,  
Baby I've accepted it,  
And I aint gone trip,  
Girl im movin on,  
Sometimes I cant help but think that another man's gonna get the one I made for me
