

# Music for Love

Mario

Right about now.....

R: Girl turn me up and let me come through your speakers  
Blow the sound out of your tweeters  
Cause babygirl this is the music for love  
Shawty don't be scared, just let the bass line hit you  
Boom boom, all up in your system  
Cause babygirl, this is the music for love  
Girl, let my frequency just flow through your body  
Get this party started, cause baby, babygirl  
This is the music for love  
Put me on repeat girl, let's go again and again  
No matter AM or FM  
Cause babygirl, this is the music for love

Wow, we could play the music loud whenever nobody's around  
Cause if the sound, it starts to wake up the neighbors  
We're gonna have to turn it down, down, down, down  
I'm about to have a real eruption, there's gonna be no interruption  
Baby come push my buttons, I'll show you all my functions  
Press play and let me start, fast forward to your favorite part  
After we done, hit rewind and we'll go back to the top

R:

I'll keep you moving your body  
I'll be the DJ, that turns this private party out  
I'll play your favorite song  
From my I-Tunes to your I-Pod girl  
Girl I know how to put it on  
Computer Love  
And we'll do this all night long  
And you can sing along  
Just as long as you sing in my microphone  
Oh, you ain't gotta worry about parental advisory  
Cause girl we're grown  
And the music we're making baby, we're making for love

R:

Request me on the hotline, yeah  
Tell the DJ to play it all night (girl)  
When you call, let me hear what you sound like  
Girl, we in heavy rotation, girl I'll be all on your station  
Let me know  
Request me on the hotline, yeah  
Tell the DJ to play it all night (girl)  
When you call, let me hear what you sound like (girl)  
Baby, we in heavy rotation, girl I'll be all on your station  
Let me know

R:

Tell the DJ to play it all night, girl
