

# Stranded

Mario

You got me stranded baby.. stranded  
Stranded, stranded.. I'm so stranded

Oh oh oh oh..  
Oh oh oh oh oh..  
Ohh baby..  
Oh oh oh oh..  
Oh oh oh oh oh..

It's over and done now..  
And now I'm sitting here, thinking that I made the mistake of my life babe  
And after having the worse fight, we ever had.. I said I wanna move on baby  
For so many days you were only tryin' to love me, I was so immature baby  
So many girls, I was getting attention  
But I'm grown now, and all this spending time that I didn't wanna do is cos  
I didn't wanna settle down..  
But my soul reach, a heart that I was killing that's not all I could think a  
bout..  
Now, I was wrong baby.. when I have the chance baby,  
And I ran away the closest thing to me.. Girl, I'm stranded

Girl, I'm stranded  
All that we had is gone and I'm sad baby  
What am I gone do now..  
Girl, I'm stranded  
All that we had is gone and I'm sad baby  
What am I gone do now.. Listen

None of those, calls that I would recieve when you use to plead for me askin  
g who was she  
Have stopped coming in, but girl I don't even want  
Somebody touching me when the chemistry ain't even you and me  
Cos sex with no emotion ain't nothin' to talk about  
I'm at the point that I'm looking for riddance baby..  
Cos mama use to tell me when a good thing comes around  
Boy, you better seize the moment baby.. cos nothing  
Is promised tomorrow.. Girl, I'm stranded

Girl, I'm stranded  
All that we had is gone and I'm sad baby  
What am I gone do now..  
Girl, I'm stranded  
All that we had is gone and I'm sad baby  
What am I gone do now..

Baby if I was to change  
(if I was to change) I'd follow my ways girl  
Will you come back (to me, to me)  
Bring your loving back to me  
Loving and all that I'll miss  
In the two months, three weeks girl..  
Can't take nobody kissin' you and doin' all the things I use to do girl..

Girl, I'm stranded (all that we had is gone)  
All that we had is gone and I'm sad baby  
What am I gone do now..  
Girl, I'm stranded.. (so stranded)

(I can't live without you baby)  
All that we had is gone and I'm sad baby  
(what am I gone do now.. )  
What am I gone do now..

Ehh... said I'm stranded..  
I knew you were gone when I saw your keys on the counter..
