Get Me Out Of Here

Marion Raven

I am serious I don't play around This is your lucky day I am dangerous

Don't wanna stay so I'll leave with you Had a thought in my mind of a game for two Do you know what I want, do you want it too Tell me yeah yeah yeah

Oh my god, get me out of here Take me now, take me anywhere Away from everyone I don't care Oh my god get me out of here

I'm mysterious Time is precious What are you waiting for? I'm dead serious

You don't have anything to lose Understand what you got, and I'll let you choose 'Cause I know what you want and I want it too Tell me yeah yeah

Oh my god, get me out of here Take me now take me anywhere Away from all that I used to be The same old story the same old me
