

Good 4 Sex

Marion Raven

The day we met put my heart in danger
I'm better off with a perfect stranger
You turned it out but you really don't care
Loving you is a total nightmare

You want me to want you
You want everything for nothing

Hey
I like the way you move
I like the way you walk, talk, do the things i want you to do
Hey
I like the way you scratch my itch
Ain't it a bitch, baby?
You got me hooked now i gotta break free
You're good for sex but you're bad for me

Dressed in black like a devil's angel
Every kiss on your lips is shameful
You got a heart but you never used it
You always win when you make me lose it

I want you to want me
But you count me down to nothing

Hey
I like the way you move
I like the way you walk, talk, do the things i want you to do
Hey
I like the way you scratch my itch
Ain't it a bitch, baby?
You got me hooked now i gotta break free
You're good for sex but you're bad for me

I want you to want me
I want everything you do the way, the day you have me on my knees
Just kicking and screaming, begging you to stay

I said hey, hey
I like the way you move
I like the way you walk, talk, do the things i want you to do
Hey
I like the way you scratch my itch
Ain't it a bitch, baby?
You got me hooked now i gotta break free
You're good for sex but you're bad for me

Hey
I like the way you move
I like the way you walk, talk, do the things i want you to do
Hey
I like the way you scratch my itch
Ain't it a bitch, baby?
You got me hooked now i gotta break free
You're good for sex but you're bad for me, uh

Uh uh hey

I know you're bad for me
