In Dreams

Marion Raven

Do you remember the smell of rain beneath the hot sun?
Do you remember when we took the turn to what we've become?
Do you sometimes look over your shoulder, like you heard a voice?
I know I messed up real good when I made the choice

I wish that I kissed you
I kissed you when I could
In dreams it's so easy
In dreams it feels so good

In dreams
In dreams

I'm always thinking of you when I'm driving real fast
But I'm not proud to say that I linger in the past
Still it's my secret joy to write my story over
Took me far to long to discover
To discover

In dreams I kissed you
I kissed you when I could
In dreams it's so easy
In dreams it feels so good

In dreams
everything is like it ought to be
In dreams
everything is making sense to me

Oh let it go
If you don't have it, you don't have it
Oh let it go
Don't let your dreaming be a habit
Oh let it go
when I messed up I just knew it
Oh let it go
You did the right thing and I blew it

I wish that I kissed you
I kissed you when I could
In dreams it's so easy
In dreams it feels so good

In dreams
everything is like it ought to be
In dreams
everything is making sense to me
