

# I Stopped Dancing

Marion

When the seagulls sit on the goal post  
and the weather's cold  
you look so old when you smoke  
and then at dark  
our life warms up  
and the rings of smoke start dancing  
dancing  
Oh,  
Oh the past is our only mistake  
Oh,  
Oh, so let's dance now before it's too late  
So you drink something  
to forget about your mum  
and there's a need to look older  
Cos she treats us the same  
but through her guidance  
We'll be all older and done  
Then you can start dancing, dancing  
Oh, oh, oh oh, the past is our only mistake  
Oh, oh,  
oh, so dance now before it's too late  
When you walk me down to the hall  
your cartwheeling too fast and it's making me fall  
but my legs are the chains on the floor  
that's when you start dancing dancing  
oh, oh, oh,  
the past is our only mistake,  
Oh, so lets dance now before it's too late  
oh, you wait for me to say no  
Oh, I  
can't live with mine when it's yours that I hate
