

# Nothing In My Heart

Marissa Nadler

Oh building a love song  
I can't bear to see you go  
I know things aren't the best for us  
And it's starting to show

Take a plane and a promise  
To put honey in your jar  
Maybe it's the weather  
But I got nothing in my heart  
Maybe it's the weather  
But I got nothing in my heart

Got into the car today  
But didn't go outside  
Maybe we're too far gone to try

Take a plane and a promise  
To put honey in your jar  
Maybe it's the weather  
But I got nothing in my heart  
Maybe it's the weather  
But I got nothing in my heart

Take a plane and a promise  
To put honey in your jar  
Maybe it's the weather  
But I got nothing in my heart  
Maybe it's the weather  
But I got nothing in my heart
