

The Little Famous Song

Marissa Nadler

Will you play your famous song
Your little song
Your lovely song
Will you play your famous song
For me

I loved all the things he saw
The little [warbles?] in the dark
I loved all the things he saw
The ways in which the water falled

Will you play your famous song
Your little song
Your lovely song
Will you play your famous song
For me

I loved all the things you saw
Your little [warbles?] in the dark
I loved all the things you saw
The ways in which your water thawed
