

# We Are Coming Back

Marissa Nadler

I died when you left  
Everyone said you were the righteous one  
Down the streets that I walk along  
Down in the house where I love the walls  
Down to the basement with my childhood charms  
You came running  
We are coming back  
Cause everything is here  
We are coming back  
Cause everything is here  
Oh here, oh

Seasons, they pass  
Everyone says you were a righteous path  
Still I live many miles away  
So I can miss you a little every day  
Back to the house where we lost our way  
You came running  
We are coming back  
Cause everything is here  
We are coming back  
Cause everything is here  
Oh here, oh

We are coming back  
Cause everything is here  
We are coming back  
Cause everything is here  
Oh here, oh
