

Yellow Lights

Marissa Nadler

Yellow lights are free and gladly
Light the shadow grey behind me
Can you help her walk away again
Blue the color of the water
Mary and her devil-daughter
Drinking rubies in the rain again

Oh Mary
Don't you die
Oh Mary
Don't you die
Cause of the color of your eyes

Green the color of the grasses
Mary and her new blue lassies
Come a-riding in the fall with me
Grey the shades of all nights past me
Rid the blood inside the old tree
Come a-riding in the fall with me

Oh Mary
Don't you die
Oh Mary
Don't you die
Cause of the color of your eyes
