

From Now On

Marit Bergman

It's been so long
It's been raining wine and tears
all since you've been gone
It's been a week a million years
Yeah it's been so hard
It's been 700 miles
and you've been so far
away from me
I swear that
from now on
we will never be apart again
you won't stand a chance
there's no way
I will let you go again
I won't spend a day
without you close to me
no nights without you holding me
oh no
That's how we break down
So let us rest in this embrace
let's hear our hearts pound
I think I've learned from my mistakes
and from now on
We will never be apart again
You won't stand a chance
there's no way I will let you go again
I would give the world
to have you close to me
The world if you would stay here
From now on...
