

# This Is The Year

Marit Bergman

It's so weird  
I was just about to leave here  
To say OK, they finally got me.  
I give in  
Oh I knew there must be something  
meant for me out there  
I just didn't know where to begin

You smile and then you lead me into the dance floor  
I can feel that something's starting  
Starting soon  
Been so tired, haven't slept a night since 1994  
Doesn't matter now we're on the move

'Cause this is the year, this is  
The year it all will happen  
It's finally here, I have been waiting  
all my life  
So put on your coat, it's  
Time to go, it's time  
For take-off  
I think I can say without a doubt  
This year is mine

We stumble in the stairs,  
We're in a hurry now  
No time to see the last song  
With the band  
'cause the fireworks have started  
and the snowflakes  
shape my name  
don't say a word now  
baby, take my hand

'cause this is the year,  
this is the year it all will  
happen  
it's finally here, I have been  
waiting all my life  
there'll be no mistakes  
there's just gonna be one  
big departure  
this year I will do everything right, this year  
is mine

yeah, I'm leaving tonight  
Don't know how I know  
but I do know that  
This is the year, this is the  
year it all will happen  
It's finally here, what I have  
been waiting for all of my  
life  
there'll be no more mistakes, no  
more delays, just one big  
departure

Oh baby I don't know how  
High  
I guess we'll be  
Somewhere out of sight  
This year I will do everything right  
This year is mine
