

I Drew Me

Mark Chesnutt

Little Billy drew a firefighter
Mary drew a doctor
Bobby he just drew a ball
we all knew he's play soccer
Richard drew a race car
Taylor drew a guitar on her knees
I drew me.....

With you
Your eyes are as far as I could see
Of all the things a boy would want to be
Back then I knew
So I drew me with you

Now Billy ain't no firefighter
And Mary's not a doctor
Bobby got to college but
Tore his knee up playing soccer
Richard watches NASCAR
Taylor's raising babies on her knee
As for me

I'm with you
your eyes are as far as I can see
no one wound up what they thought they'd be
but me I knew back when
I drew me
With you
your eyes are as far as I could see
of all the things a boy would want to be
back then I knew
so I drew me with you
