

# Make Memories With Me

Mark Chesnutt

Make memories with me  
Make memories with me  
Forget the one who might have been  
And the one who used to be  
Darlin' i've got love  
And you've got love  
And love is all you need  
Oh, oh baby make memories with me

Let me hold you closer than  
You've been held before  
Let love take you higher than the stars  
Ask me for forever  
I'll give you even more  
Just let me be the keeper of your heart

Make memories with me  
Make memories with me  
Forget the one who might have been  
And the one who used to be  
Darlin' i've got love  
And you've got love  
And love is all you need  
Oh, oh baby make memories with me
