Song For Ria

Your every order Is my command There's nothing I won't Do if you ask

Let's build a castle Upon the ridge Find our own island I'll be your bridge

If the two of us set up anywhere How could we be afraid All in all there's nothing we can't do

So did I tell you How great you are If I could paint you I'd paint that star

Let's start a family We'll work the land Your every wish Is my first command

And if we spent our lives together We could look back and say All in all I'm glad it went that way All in all there's nothing I would change **Mark King**
