When it's pop goes the weasel Let go of the easel You don't want This rickety rackety life It's seat of the trousers It's all sink or swim, son I'd kill to get crimson On this palette knife And I'd steal in a minute I'm up to here in it You here behaving As though I'm a saint Get a job with a pension Don't ever mention You once had a craving For the brushes and paint

So go, forget it, let it all go
Let it all go
Go, forget it, let it all go
Go, forget it, let it all go
Let it all go
Go, forget it, let it all go
Let it all go
Let it all go

A hack writer judges My swipes and my smudges He doesn't like pictures With blotches and blots The drawing room tea set Wants horses, sunsets Sweet nothings -The seaside with yachts Here's the end of the thirties No time for arties Over in Poland A right old to-do So go join the navy The air force or the army They'll all be enrolling Young fellows like you

So go, forget it, let it all go
Let it all go
Go, forget it, let it all go
Go, forget it, let it all go
Let it all go
Go, forget it, let it all go
Let it all go
Let it all go

These are not my decisions
Flaming visions
Ringing expressions
The clamouring voice
It's volcanic desire
The unquenchable fire
It isn't a question

Of having the choice
Anyway, now I'm old
But if you won't be told
If you've been created
To answer the call
All passion and lust
Is going to end in the dust
But you'll hang on some
Government gallery wall

You must go, forget it
Let it all go, let it all go
Go, forget it, let it all go
Go, forget it
Let it all go, let it all go
Go, forget it, let it all go
Let it all go
