

Nobody Does That

Mark Knopfler

I like the way you put yourself together
Nobody does that quite the way you do
I like the way you put yourself together
Nobody does that quite like you

Nobody does that
Nobody does that
Nobody does that

I like the way you're holding my attention
Nobody does that quite the way you do
That stuff too hot for me to mention
Nobody does that quite like you

Nobody does that
Nobody does that

I like the way you work the opposition
Nobody does that quite the way you do
When you want to smoke the competition
Nobody does that quite like you

Nobody does that
Nobody does that
Nobody does that

I like the way you put yourself together
Nobody does that quite the way you do
I like the way you put yourself together
Nobody does that quite like you

Nobody does that
Nobody does that
Nobody does that
