

Night train is groovy  
An orange jubilee  
Feels good comin' and goin'  
I'm warm all over me

Fire up the crack boys  
And tie off my arm  
Cinch up my diaper  
Turn the TV on

Give me another blow job  
Before I'm on the nod  
Say, you'll always love me and never do me harm  
Never do me harm, never do me harm

Well, you're a preacher's daughter  
And I'm a bastard's son
