

The Flame That Burns

Mark Lanegan

The flame that burns
Flame that burns
The flame that burns
Flame that burns

The flame that burns
Flame that burns
The flame that burns
Flame that burns

Takes you through the years
Takes you through the pain
Can't stop the tears when they fall like rain
For the flame that burns
Flame that burns

Beware my child
Beware
To take care my friend
Got to take care

You don't know who to love
Don't know who to trust
When it hurts so bad blood flows where it must
For the flame that burns
Flame that burns

Unto eternity
One day we shall
We shall be free
When stars rain down like dust
Have heart my child
Oh but you must

Don't you hang your head
Don't you feel no shame
If I were with you now
I would do the same
For the flame that burns
Flame that burns
